# Why The Deloitte Challenge?

- The Deloitte Challenge Marathon, Half Marathon and Cycle Race take place entirely along the M4 north bound carriage way, only turning off at Durban Country Club. The M4 at sea level offers breathtaking views and is a **flat, relaxed route** for both **experienced and novice athletes**.
- This event is unique in KZN in that the Cycle Race will set off before the Marathon on the same route. Cyclists will benefit from the M4 road closure and enjoy a **scenic, fast and direct ride into Durban**, without worrying about traffic approaching from behind.
- This is the **final marathon** before the Comrades Marathon qualifying criteria submission deadline of 4 May 2015.
- For those Comrades runners, the Deloitte Challenge Marathon is **perfectly timed** to be the last 'long run' in a formal Comrades training schedule.
- A total of **R60 000** prize money for the Marathon and Half Marathon.
- All the Deloitte Challenges, except the 5km Fun Run, are **ChampionChip timed events**.
- **Race medals** awarded to all finishers, including the 5km Fun Run.
- **Stylish moisture management** race shirts, in various sizes, will be made available to the first 5000 entries for the marathon events and to the 1000 Cycle Race entries.
- The Deloitte Challenge takes place over a **long weekend**, thereby providing out-of-town athletes and their families with the opportunity to enjoy a couple of days on the KZN east coast.
- The **weather** in early May is predictably stable, relatively cool and without the usual Durban summer humidity.
- The Deloitte Challenge provides an effortless opportunity to give and support our **preferred beneficiary - LIV Village**, an organisation which provides holistic residential care for orphaned and vulnerable children.
- All Challenges finish at Growthpoint Kings Park Stadium. Adequate parking will be available on the surrounding fields of the Stadium.
- **Fun race village** at the finish with activities and attractions suitable for the whole family.
